

Renewing for the Future Update

You are probably asking the question – “What is happening with the funds in the Building Fund” – of which there is approximately \$35,000 designated to updating our building.

When the COVID pandemic hit – we halted all spending on the renovations and then in mid August, the Building Team & Aesthetics met to continue planning renovation to the sanctuary.

Then, with the LT approval, we have begun some work which to date has included:

- Painting of the complete sanctuary
- Removed, cleaned and reinstalled the speaker covers.
- In process of painting and installing all new trims
- Built and painting some mobile stage panels
- In process or ordering new lights
- Reviewing the acoustics

Future plans:

- New chairs
- New folding wall

If you have any questions or would like to talk about the renovations please contact Dave Schulz, Henry Teichrob or Len Teichrob.
